

EUROPEAN ASSOCIATION OF CENTRES OF MEDICAL ETHICS

EACME NEWS

Maastricht, May 19, 2017

Dear Colleagues

We are pleased to announce that registration and the call for abstracts for the Postgraduate Bioethics Conference (PGBC) 2017 is now open at

<http://www.postgradbioethics.com/registration/>.

The conference, hosted by the Ethox Centre, will be held at St Catherine's College, University of Oxford, on the **4th – 5th September 2017**. The theme for the conference is 'Individuals and Populations'. Postgraduate students at Masters or PhD level are eligible to attend.

The PGBC, now in its 11th year, aims to foster a network of early career scholars in bioethics. Participants will have the opportunity to meet established bioethicists, present their work, and attend career development and publication workshops.

The conference is free to attend – with lunch, refreshments, a networking dinner and one night's accommodation all provided. Postgraduate students can also apply (i) to give a long oral presentation (15 mins), or (ii) to give a short oral presentation (5 mins), and/or (ii) for a travel bursary. Registration, call for abstracts and bursary applications will close on the **1st July 2017**.

We would be grateful if you could circulate this email among students with an interest in bioethics.

With best wishes,

The organizing team
